

DUCT-CUT

Item Number 4689435

DUCT-CUT is a manual cutting pliers for clean and controlled cuts on duct front and duct back directly on site. The ratchet drive ensures precise guidance and reduces the required force. Suitable for assembly and installation work when no electric cutting tools are available.

- Cuts HVAC and electrical ducts up to 110 mm
- Suitable for duct widths 60 mm / 80 mm / 110 mm
- Safe and controlled cutting thanks to ratchet drive
- Saves time during assembly and installation
- One-handed operation
- Ideal for mobile use
- Ergonomic design for a secure grip and precise guidance

Technical Data

Material	Steel Stainless steel Plastics
Colour	green black bare
Number of Pieces	1

Accessories

3004259	VAMP-CDK	Corner condensate pump installation kit
3004256	VAMP-CK	Corner condensate pump with corner piece integrated reservoir and optical level sensor
3004255	VAMP-C	Replacement corner condensate pump with integrated reservoir and optical level sensor for installation in duct corners
3004238	VAMP-F	Condensate pump with integrated reservoir and optical level sensor. With extendable posable hose for quick installation
